**RE: Registration System – Play Football Admin**

---

Dear all,

The purpose of this memo is to confirm that the self-registration portal is now open via the new Play Football registration system.

Players registering for NPL can, at Member Federation discretion, go and register for the 2019 season via [Playfootball.com.au](http://Playfootball.com.au).

To expedite the process for participants FFA recommends that clubs link directly to their club's individual signup page in all digital communications. A link to the signup page is accessible from Sign Up Form Management within Play Football Admin, located at the bottom of every form.

All other non-traditional football forms of the game are also open.

2019 Club football will be open from January 3<sup>rd</sup>, 2019 at Member Federation and competition administrator discretion.

The Play Football support centre are online and ready to assist all users of the system if any issues arise. The support centre is open 9am – 9pm AEST. There are also guides and videos to help with the setup of your admin system are available via the [Play Football Support site](#).

Please call make contact if you have any issues.

Kind regards  
Tom Fowell  
Digital Program Manager
